

THE EUROPEAN HR *and* TALENT TECH LEADER SUMMIT

MARCH 9TH 2022 | 14:00 - 18:00 | VIRTUAL EVENT

Join business owners and CEOs, corporate and private equity investors, industry experts and M&A professionals for insight, advice and valuable connections.

Launched in 2018 to bring together the most influential leaders in the sector, our HR & Talent Tech Summit provides entrepreneurs with real time feedback on business models and market opportunities from industry experts and investors.

THE FOCUS: Insight and Networking

The Summit offers businesses the opportunity to engage in one-to-one meetings with a range of investors who will provide meaningful and confidential feedback on a range of issues including product/market fit, industry trends, management and leadership, and financing advice.

Regardless of whether you have near term M&A or financing plans, the Summit will be an invaluable networking and learning experience.

Deloitte and TALiNT Partners will collect detailed post-event feedback from investor groups based on every meeting they attend and coordinate follow-up dialogue.

All investor groups attend on the basis of keeping all discussions confidential.

You'll be in GOOD COMPANY

This virtual event is free to attend by invitation only to founders and CEOs of scaling and innovative companies. Investors are selected for their knowledge and expertise in the sector. They include a range of early stage venture capital investors, mid-market private equity firms and a small number of active corporate investors.

HR AND RECRUITMENT TECH: Industry highlights

US\$25.76 BILLION
